

Requirements for Disrupting or Blocking Sidewalk Traffic and Parking Stalls

1. Notify adjoining businesses of sidewalk and parking stall obstructions as well as the work time frame.
2. Provide a safe route for people on foot to travel around work area by using signage and/or barricades.
3. Use reflective cones or warning devices on dumpster for overnight safety.
4. If heavy snow event occurs, the obstructions need to be removed immediately for snow cleanup.
